

The Brant Collection

Solid, Southern Yellow Pine (SYP): Southern Yellow Pine has a beautiful grain pattern and is as hard and heavy as soft maple. SYP is an infinitely renewable resource, harvested from tree plantations. You are purchasing a sustainable product.

Mortise and tenon construction: This type of joinery is often used in high-end furniture and ensures long-term strength and durability.

Bunk beds: Integrated guard rails are standard on the front and back of the upper bed on Brant Collection bunk beds. With Brant Collection bunk beds, the ladder can be placed on the left or right side of the front of the bed. Upper and lower beds can be used separately.

Posture board: All Brant Collection beds and bunk beds include an engineered wood mattress platform (posture board). This eliminates the need for a foundation under the mattress. The posture board is supported by 4 solid wood slats, creating a sleep surface rated at over 400 pounds.

Storage trundle bed: The matching trundle can be used under any Brant Collection bed or bunk bed with a mattress to accommodate an overnight guest or without a mattress for added storage.

High Pressure Laminate tops: The tops of Brant Collection pieces are made of the same material used on countertops, making them durable and easy-to-clean.

Drawers: All drawers open and close easily with smooth metal glides.

Desk chair: The desk chair has a comfortable 3" thick foam seat cushion upholstered in durable, easily cleanable, engineered (bonded) leather. The black colour matches the black top of the desk and coordinates with any room décor. You will enjoy the tilting feature; both backwards to relax and forward to work.

Manufacturer's warranty: Brant Collection furniture is backed by a 1 year manufacturer's warranty against defects in material and workmanship.
